Example:

WHO: “Hi! How are you? My name is _____ and I am a _____ major with a minor/concentration in _____. I’m planning to graduate in (month/year).”

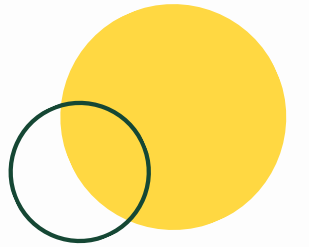

WHAT: “I read about your company online and am very interested in the internship I saw posted on MustangJobs.”

CAREER FAIR TIPS & STRATEGIES

- ACTIVELY LOOKING FOR A JOB

- **Research 1 to 3 companies you want to speak with** (lines will be long for large, well-known employers)
- **Treat this as a networking opportunity** (building professional connections for now or later)
- **Companies often track student engagement** (career fairs, info sessions, LinkedIn, etc.)
- **Apply ahead of time for your top companies and positions** (when possible; not all positions are posted beforehand)
- **Get contact information for employers so you can let them know if you apply after the career fair** (and thank them for their time)
- **Find ways to be remembered** (e.g., photos of a project, contact card with QR code, etc.)
- **Be prepared to answer questions** about what's on your resume
- **Prepare 1 or 2 questions to ask an employer** beyond “what do you do?” or “what positions do you have available?”

RECRUITING GUIDELINES

- Guidelines only apply to companies who went through Career Services to recruit you (Career Fairs, Info Sessions, On-Campus Interviews, or Job Listings on MustangJobs)
- Employers should allow a minimum of **two weeks** from the date of the written offer for you to accept/decline
- Fall Semester: **October 15** deadline for students to accept/decline (**October 1 for intern to full-time offers**)
- We hope students feel confident in their decision before accepting an offer. If you want help navigating your offer, schedule an appointment or go to drop-in hours for assistance!
